

K-LOVE radio serves me as a local customer in Choctaw OK. There will be a huge void in Christian music programming in this market should K-LOVE, 88.9 FM, be removed from the air. I am a financial and prayer supporter of this ministry. K-LOVE offers Christian programming for believers and seekers, provides info to listeners of Christian events in the local community, provides news from a Christian perspective and it's commercial free. As a long distance road runner, I value this so much that I'm willing to spend my money to keep this station on the air. Please preserve K-LOVE's signal and service to the metropolitan Oklahoma City area.
